Explanatory Notes: Infrastructure charges information by infrastructure charges notice levied date from 01 July 2018 to 31 May 2025

(a) This information shows infrastructure charges that have been levied against development applications in accordance with s.119 of the *Planning Act 2016*.

(b) This information should be interpreted in conjunction with the development application Decision Notice and other relevant documents in the Decision Package which can be obtained through the Development Enquiry Tool:

<https://devet.loganhub.com.au>

(c) Where development approvals have been issued in the Priority Development Areas (PDA) of Yarrabilba and Greater Flagstone, the Queensland Government, rather than Council, is the assessment authority. To access information about applications and decisions for these areas, please go to the

<https://www.statedevelopment.qld.gov.au/economic-development-qld/buying-and-developing-land/development-applications-and-assessment/current-applications-and-approvals>

(d) Development applications may have more than one Infrastructure Charges Notice (ICN) levied against them (e.g. staged application).

(e) 'Infrastructure charge invoiced' refers to the dollar amount in invoice(s) raised by Council and **does not precisely translate to money collected**.

An invoice may be raised against a levied charge but not paid by the applicant or owner(s) which makes this levied charge taken to be rates for the purposes of its recovery in accordance with s.144 of the *Planning Act 2016*.

(f) Differences between the levied charge and the invoice raised may be due to indexation. The timing of infrastructure charges levied versus charges invoiced may also result in numerical difference. Any infrastructure charges levied prior to 1st July 2018 are not shown.
