

Logan Planning Scheme 2015 - Register of Amendments

Stage: being finalised

The amendments in this list are in the final stages of preparation. This may include:

- submissions (public comment) being considered after a period of public consultation, for major amendments;
- final consultation with and review by Queensland Government stakeholders
- sign-off by the Minister for State Development, Manufacturing, Infrastructure and Planning and subsequent adoption by Council
- preparations for commencement (i.e. the practical steps to update documents, maps and systems to make sure the new version of the Logan Planning Scheme is easily accessible and the existing version is available as a superseded instrument).

Amendment Title	Category	Purpose	Target adoption date	Comments
Health Care Service Amendment	Major	To introduce a new development code to regulate Health care services providing particular guidance on location, design and amenity. The code will also include focused provisions that seek to regulate pharmacotherapy clinics with respect to location, separation distances, indoor waiting area size and mechanical surveillance.	Mid - late 2022	Consultation was undertaken from Monday 7 February 2022 to Friday 11 March 2022 (inclusive).
Housing and Lot Diversity Amendment	Major	To align the requirements for reconfiguring a lot with community expectations through changes in lot size and frontage requirements while also establishing lot frontage diversity requirements for larger scale residential developments.	Mid - late 2022	Consultation was undertaken from Monday 7 February 2022 to Friday 11 March 2022 (inclusive).

Amendment Title	Category	Purpose	Target adoption date	Comments
Major Planning Scheme Amendment 2021	Major	To make various major changes to multiple sections of the planning scheme and planning scheme policies. The amendment specifically introduces policy measures to: (a) ensure Childcare centres are appropriately designed and located; (b) better guide the storage and collection of waste; (c) safeguard and enrich amenity in both residential and non-residential settings; (d) make a range of miscellaneous policy changes.	Mid - late 2022	Consultation was undertaken from Monday 7 February 2022 to Friday 11 March 2022 (inclusive).
Mixed Use Zone Amendment	Major	To implement Council's vision and strategy for employment land in Logan. The amendment specifically seeks to introduce four precincts within the Mixed use zone, identify preferred land uses for each new precinct and optimise the zoning of industrial land.	Mid - late 2022	Consultation was undertaken from Monday 7 February 2022 to Friday 11 March 2022 (inclusive).
