

Logan PD Hub - Release History

Purpose: This list outlines the release history for the PD Hub (i.e. each time a new version is implemented).

Ref	Version / Release	Date Released	Description of Change
29	V6.1	27 November 2023	Launch of new Logan Flood Portal. The Flood Report tile/icon in the PD Hub now launches the new Logan Flood Portal, passing through the selected property. The Logan Flood Portal provides a comprehensive property report and interactive mapping for the latest flood risk maps and maps from flood studies accepted by Council (depth, velocity, hazard and water surface level for a range of different flood events).
28	V6	30 October 2023	Commencement of Temporary Local Planning Instrument (TLPI) No. 1/2023, which introduced risk-based flood mapping and policy for Logan. Includes changes to interactive mapping, Flood Report and Property Report. Property Search also updated to allow more recently created properties (to September 2023) to be found.
27	V5.3	3 September 2023	Environmental Offset Estimate tool temporarily suspended while updates are underway. Replaced with a message to email a shapefile to environment@logan.qld.gov.au to receive an estimate, or contact Council.
26	V5.2	1 July 2023	Updated fees and charges for 2023/24 financial year - affects Development Fees Estimator and the Environmental Offset Estimator report. Development Enquiry Tool will now launch with the selected property from the PD Hub. Infrastructure Charges Estimator includes additional instructions.
25	V5.1	6 March 2023	Updated to support the commencement of Logan Charges Resolution No. 11 (2023), with changes to the Infrastructure Charges Estimator. Changes have also been made to the Environmental Offset Estimator. The Planning Enquiry Tool (for activity and location) has been updated to reflect Version 9 of the Logan Planning Scheme 2015.
24	V5	6 February 2023	Updated to support the commencement of Version 9 of the Logan Planning Scheme 2015, which gave effect to 4 major amendments. Other minor enhancements include the additional of Regional Land Use Categories (from the SEQ Regional Plan) to the Base layers group in the Interactive Mapping Tool, updated contours mapping and a feature to better manage alternate property addresses.

Ref	Version / Release	Date Released	Description of Change
23	V4.3	16 October 2022	Updated Flood Report published, with information from the Logan/Albert Rivers and Slacks/Scrubby Creek catchments flood studies, which were accepted by Council in May 2022. A note about the need to check the flood report has been added to the Overlays section of the Property Report, Planning Enquiry Report and the interactive mapping.
22	V4.2	5 July 2022	Updated fees and charges for 2022/23 financial year - affects Development Fees Estimator and the Environmental Offset Estimator report.
21	V4.1	27 June 2022	Flood report temporarily disabled, to be replaced with a message the Council is updating flood risk information and will update the report with the new information in August 2022.
22	V4.0	15 February 2022	Updated to support the commencement of Version 8.1 of the Logan Planning Scheme, which gave effect to LGIP v1.2, and Logan Charges Resolution No. 10 2022.
21	V3.4	21 December 2021	Note about update of flood hazard modelling added to the Flood Report.
20	V3.3	1 July 2021	Updated fees and charges for 2021/22 financial year - affects Development Fees Estimator and the Environmental Offset Estimator report. Minor enhancements to Environmental Offset Estimator to include aerial imagery on report, adjust positioning of context map, and send report even if no offset applies, as other information in the report is useful.
19	V3.2	31 March 2021	Updates to Infrastructure Charges Estimator input data to support commencement of Logan Charges Resolution No. 9 (1 April 2021).
18	V3.1	11 March 2021	Updated to reflect new corporate logo and branding. No changes to functionality.
17	V3.0	15 November 2020	Updates to maps to support the commencement of Version 8 of the Logan Planning Scheme 2015. This includes an updated property report (to Dec 2019) and property search (to Oct 2020). Change of aerial imagery service, due to Queensland Government decommissioning the service that was previously used. Updates to Environmental Offset Estimator to allow full screen mapping and upload of files with proposed vegetation clearing area. Updates to Planning Enquiry tool to link applicable codes to the relevant content in the Logan ePlan.
16	V2.10	22 July 2020	New Development Enquiry tool launched - link on dashboard now launches new tool (no property search required in PD Hub).

Ref	Version / Release	Date Released	Description of Change
15	V2.9	1 July 2020	Updated fees and charges for 2020/21 financial year - affects Development Fees Estimator and the Environmental Offset Estimator report. Improvements to the Sports Site Plan tool, including display of sports leasing layer on the map, enhanced drawing/measuring features, option to show/hide instructional text, and map layers turned on (visible) are now preserved for inclusion on the final report.
14	V2.8	15 March 2020	Updates to Infrastructure Charges Estimator input data to support commencement of Logan Charges Resolution No. 8 (16 March 2020). Update of local government divisional boundaries (interactive mapping and property report).
13	V2.7	18 February 2020	Minor update to Environmental Offset Estimator report to add notice re new Queensland koala protection legislation adopted February 2020.
12	V2.6	10 February 2020	Updates to maps to support the commencement of Version 7 of the Logan Planning Scheme 2015. The property report and property search datasets were also updated. Addition of the choice of basemap - aerial imagery or topographical map.
11	V2.5	9 December 2019	Updates to the Infrastructure Charges Estimator to support the commencement of Logan Charges Resolution No. 7, version 1.
10	V2.4	3 December 2019	Updates to website links to support commencement of Logan's new corporate website. Multiple tools affected.
9	V2.3	3 October 2019	New Sports Site Plan tool launched - allows development of a site plan for sports facilities by placing items (e.g. playing fields, clubrooms, parking areas) on the map. Admin portal implemented to allow management of noticeboard items.
8	V2.2	14 July 2019	Minor fixes implemented for 2019/20 development fees, Development Enquiry tool, ecological significance map in the Environmental Offset Estimator, Property Report for older versions of the scheme, and background colour changed (from black to white) for full screen mapping (Interactive Mapping tool).
7	V2.1	1 July 2019	Updated fees and charges for 2019/20 financial year - affects Development Fees Estimator and the Environmental Offset Estimator. Added link on dashboard to Queensland State Mapping (DA, SARA).

Ref	Version / Release	Date Released	Description of Change
6	V2.0	27 May 2019	Updated to reflect the commencement of V6.0 of the Logan Planning Scheme 2015 - required changes to the Interactive Mapping tool, Property Report, Zone Enquiry tool and Planning Enquiry tool. Changes also included improvements to the Property Report (add LGIP layers) and other minor enhancements.
7	V1.6	21 January 2019	Updated to introduce the new Zone Enquiry tool and minor changes to the Development Fee Estimator for commercial plumbing applications.
6	V1.5	30 November 2018	Development Fees Estimator updated to provide additional flexibility for complex fees (e.g. commercial plumbing).
5	V1.4	20 July 2018	Updated with minor improvements (the way map layers are turned on/off; making Biodiversity Overlay maps available in the Environmental Offset Estimator; adding a property check to As Con Plans tool; other minor fixes).
4	V1.3	12 July 2018	Updated with minor improvements (updated map legend; minor fixes to Planning Enquiry report and interactive mapping).
3	V1.2	5 July 2018	Updated to include link to As Constructed Plans for selected property, and various other minor enhancements (Environmental Offset Estimates report, Property Search, Infrastructure Charges Estimator).
2	V1.1	1 July 2018	Updated fees and charges for 2018/19 financial year. Changes to Infrastructure Charges Estimate tool to reflect policy changes for Dual Occupancy (Auxiliary unit), and other minor enhancements (e.g. display of area for overlay coverage on the Property and Planning Enquiry reports).
1	V1.0	18 June 2018	Initial launch, replacing the Logan Interactive Mapping tool, which was introduced with the new Logan Planning Scheme 2015 on 17 May 2015 and enhanced several times through its life.

Internal use only: DM #12952468
