

# Beenleigh Summit:

Building an innovative, dynamic CBD of the future

Logan City Council is committed to developing Beenleigh as a progressive and vibrant commercial, business and entertainment centre for the City of Logan. The Beenleigh Summit was a free, informative and collaborative summit about unlocking the economic potential of this key area.

The Beenleigh Summit was held on **25 October 2017** and featured experts in place making and design, infrastructure policy, urban innovation and development to share national and international perspectives on making the future Beenleigh an interesting and exciting place to visit, work, live, play and do business in.

For more information view the [Beenleigh Summit Program](#).

## What's next for Beenleigh?

At the conclusion of the Beenleigh Summit and community engagement period, a total of 561 submissions were received with 650 ideas for a future Beenleigh.

These ideas were collated into 18 primary actions and 33 initiatives to be rolled out in the short, medium and long term through collaborative efforts with Council, federal and state governments, local businesses and chambers of commerce, the community and the private sector. These are detailed in the [Beenleigh Summit Outcomes Summary](#).

# Beenleigh Summit:

Building an innovative, dynamic CBD of the future

The priority projects and programs are outlined in the [Beenleigh Implementation Plan](#). The Implementation Plan identifies and prioritises potential capital and non-capital projects and programs to deliver the actions required to progress the aims and objectives of the [Beenleigh Town Centre Master Plan](#).

## Speakers for the Summit

- Amanda Newbery, Director and Founder of Articulous Communication (Event Facilitator).
- Kylie Legge, CEO and founder of PlaceScore is a leading voice in the placemaking profession.
